

To Whom It May Concern:

**Letter of reference to KR-Audyt Poland**

As Accounting Manager for EMC subsidiaries in CEE-region, I co-operate with KR-Audyt on daily basis.

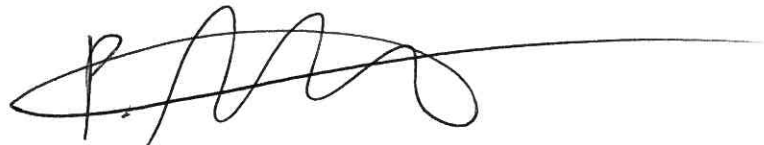

The whole team are both friendly and professional in their support. We are able to plan our monthly workflows, and to rely that KR-Audyt will deliver on time all as agreed.

This agency is also our valued advisor for executing new projects, implementing new systems, expanding our business. They cover for EMC the Statutory Compliance per local law, and also the Management Accounting in our Oracle-System, with modules Accounts Receivable; Accounts Payable; Fixed Assets and General Ledger. KR-Audyt also process the monthly Payrolls, Employee Expenses in line with EMC Policy, Vendor Invoices as well as Local Taxes: they have access to our E-banking system and prepare bank payments orders - ready for EMC review and approval. KR-Audyt also issue Sales Invoices on behalf of EMC locally, and send us weekly Cash-Collection reports.

Last but not least, KR-Audyt have proved their ability to create and lead a network of other agencies or external professionals where required, and deliver an integrated solution to their client.

Should any further reference be needed, feel welcome to contact me per below-listed details.

With kind regards,

Plamen Dinev-Prentinger  
Accounting Manager for EMC Subsidiaries in CEE
